

CZNEWTON SWB7

High precision stainless steel indicator

SANS 1649 compliant - SA1606

Feature and Functions:

- Full Tare x 2
- Accumulation memory
- Low battery indication & charging status
- Large LCD Display with Backlit
- Automatic Zero Tracking (AZT)
- Weighing, Sample Counting (PCS)
- Check HI-OK-LO
- RS232 output
- Multiple weighing units
- Auto power Off mode
- Wi-Fi/Bluetooth (optional)

Specifications

- ◆ **Accuracy:** III
- ◆ **Display:** 40mm LCD display with LED backlit
- ◆ **Rechargeable battery** 6V/5Ah for 120 hours continuous use
- ◆ **Power Supply:** Input AC 100V-240V, Output 12V/1A
- ◆ **Operating Environment:** -10°C to 40°C (14°F to 104°F)
- ◆ **Product size:** 237 mm x147 mm x 69 mm
- ◆ **Load cell:** Up to 4x350ohm minimum resistance
- ◆ **Display/Internal Resolution:** 30,000/600,000

Features:

- PC alloy front housing and PBT back housing, give the indicator the high strength
- Suitable for almost all harsh working environment.
- The highest protection class till IP66
- Three options of check weigh function
